Profile

Web developer with over 5 years of programming experience, including more than 4 years focused on web development. I have solid expertise in technologies such as HTML5, SCSS, JavaScript, and PHP, and have contributed to high-impact projects like Portal Santa Irmã Dulce. I am seeking a role that enables professional growth while delivering innovative and efficient solutions.

.

Specialties: HTML5 | SCSS | JS | JQuery | PHP | GIT | SQLite | MySQL | Docker | Wordpress | React.js
Soft-skills: Effective Communication | Teamwork | Problem Solving | Adaptability | Critical Thinking | Attention to Detail

---

Experience

Full-Stack Developer | Hoom Interativa

06/2021 - 02/2025

- Developed interfaces for websites and web systems.
- Defined JavaScript tools to meet front-end demands.
- Implemented the company's current front-end development standards.
- Created plugins integrated into the company's CMS, such as cookies and reCAPTCHA.
- Backend development in PHP using the company's proprietary CMS.
- Introduced tools like SCSS, SwiperJS, GSAP.JS, and Fullcalendar.
- Assisted in creating and developing the company's current Design System.

Key Projects:

- **Portal Santa Irmã Dulce** (Link)
  - Designed the system architecture within Laravel 8 and developed the frontend.
  - Technologies: JavaScript ES6 | JQuery | SCSS | Laravel | Git | Adobe XD
- **DNA Genética** (Link)
  - Full development of the frontend, backend, and database.
  - Implemented a research system integrated into the company's CMS.
  - Technologies: JavaScript ES6 | JQuery | SCSS | HTML5 | PHP | MySQL | Figma

- **RI Lauro de Freitas** (Link)
    - Created a virtual service desk with scheduling and integration for video call platforms, later adapted for other clients in the notary segment.
    - Technologies: JavaScript ES6 | JQuery | SCSS | HTML5 | PHP | MySQL | Adobe XD

Programming Instructor | Self-Employed
